

State of Nevada Announces...

Mental Health/Developmental Services Division
Northern Nevada Adult Mental Health Services
Pharmacist I

Position:

Pharmacists process pharmaceutical orders and prescriptions; maintain fiscal records; maintain a formulary system; establish drug quality specifications; select manufacturers and establish a list of purchasing sources; implement and maintain a system for the verification of purchases from vendors; and monitor prescription practices.

This position is inpatient.

Requirements:

The minimum qualifications for this position require graduation from an accredited school of pharmacy.

Possession of a license as a pharmacist issued by the Nevada State Board of Pharmacy is required at the time of appointment and for continued employment.

Pharmacist I positions are subject to pre-employment screening for controlled substances.

The position at Mental Health/Developmental Services requires fingerprinting and a background investigation through the FBI and NHP. The employee is responsible for all applicable fees.

Salary and Benefits:

Annual salary up to \$93,857. Employee benefits include paid annual leave, paid sick leave, health and dental insurance, and the state retirement plan. Other optional benefits are available, including a deferred compensation program.
